About me

A budding enthusiastic Web Developer, passionate about next.js development. Offering Expertise in Front-end development proven track record of working collaboratively with designers and developers to create websites and applications that are both visually stunning and highly functional. Seeking to advance a growing tech career as a Software Development Engineer in a competitive environment.

Education

Chandigarh University

Bachelor of Engineering in Computer Science (CGPA of 7.3)

August 2021 - June 2025

Punjab, India

Nalanda Shodh Sansthan

Class XII (BSEB)-74.4%

Apr 2017 - Mar 2019

Biharsharif, Bihar

St. Joseph Academy

Class X (CBSE)-10CGPA

Apr 2016 - Mar 2017

Biharsharif, Bihar

Projects

skillsphere - EdTech Platform | *Next.js, redux toolkit, firebase, Tailwind*

- Developed a real-time web application named Skillsphere that curates hand-picked YouTube courses for programmers.
- It provides Real-time discussions, project sharing, and feedback functionalities.
- Utilized NextAuth for user authentication and authorization, and built the site using static site generation (SSG) for improved performance and reliability.

Google 2.0 - Search engine web application | *Next.js, Tailwind*

- Built a Search engine web application using Next.js and Tailwind CSS, utilizing the Google Custom Search API to retrieve search results data.
- Designed a clean, responsive user interface with Tailwind CSS, incorporating intuitive search functionality.
- Leveraged Next.js's server-side rendering capabilities to improve page loading times and enhance search engine optimization.

SkyCast - Weather app | *Bootstrap, JavaScript*

- Created a weather app using Bootstrap and JavaScript, allowing users to easily check the weather and air quality index (AQI) of their city.
- Integrated weather and AQI APIs from API-Ninja to provide real-time data and ensure accurate information for users.
- Designed a user-friendly interface with Bootstrap, incorporating intuitive icons and visual cues to help users quickly understand weather conditions and AQI levels.

Technical Skills

Languages: C++, Javascript

Developer Tools: VS Code, Git/GitHub, firebase, vercel

Technologies/Frameworks: React.js, Next.js, Redux and Redux Toolkit, Tailwind CSS, MongoDB Bootstrap, HTML/CSS

Certification

Coursera

- Principles of UX/UI Design
- Introduction to Web Development with HTML, CSS, JavaScript
- C++ Selection and Iteration

Linkedin Learning

- Creativity and Critical thinking

Achievemens

- Secured a prestigious **top 5** ranking in an 30 Day Coding Challenge by Aryan Singh([YouTube Link](#))
- Cleared Wipro Future Skill Exam.
