EDUCATION

B.E Computer Science and Engineering
Chandigarh University

09/2021 - Present   *Mohali,Punjab*

Class XII (BSEB) - 74.6%
Nalanda Shodh Sansthan

05/2017 - 03/2019   *Biharsharif,Bihar*

Class X (CBSE) - 95%
St. Joseph Academy

05/2016 - 03/2017   *Biharsharif,Bihar*

PERSONAL PROJECTS

skillsphere - EdTech Platform
- Developed a real-time web application named Skillsphere using Next.js, redux toolkit, firebase, Tailwind and mongoDB that curates hand-picked YouTube courses for programmers.
- It provides Real-time discussions, project sharing, and feedback functionalities.
- Utilized NextAuth for user authentication and authorization, and Built the site using static site generation (SSG) for improved performance and reliability.
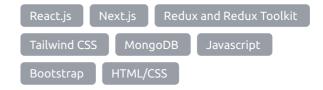

Google 2.0 - Search engine web application
- Built a Search engine web application using Next.js and Tailwind CSS, utilizing the Google Custom Search API to retrieve search results data.
- Designed a clean, responsive user interface with Tailwind CSS, incorporating intuitive search functionality.
- Leveraged Next.js's server-side rendering capabilities to improve page loading times and enhance search engine optimization.

SkyCast - Weather app
- Created a weather app using Bootstrap and JavaScript, allowing users to easily check the weather and air quality index (AQI) of their city.
- Integrated weather and AQI APIs from API-Ninja to provide real-time data and ensure accurate information for users.
- Designed a user-friendly interface with Bootstrap, incorporating intuitive icons and visual cues to help users quickly understand weather conditions and AQI levels.

SKILLS

`React.js` `Next.js` `Redux and Redux Toolkit` `Tailwind CSS` `MongoDB` `Javascript` `Bootstrap` `HTML/CSS`

ACHIEVEMENTS

Cleared Wipro Future Skill Exam

Completed 10-days IBM collaborated competitive coding bootcamp.

CERTIFICATES

Build a Twitter Clone Front-End with ReactJS | Coursera.

AWS Cloud Technical Essentials | Coursera.

Programming for Everybody (Getting Started with Python) | Coursera.
